**Microsoft Dynamics  
CRM**

**Sage SalesLogix**

**Consona ERP**

- Made2Manage
- Intuitive

**Microsoft Dynamics**

- GP
- SL

**PeopleSoft**

AbilityConnect was created out of the need for companies to have valuable customer information, such as orders, quotes, and specific accounting information to be available to CRM System users.

AbilityConnect is a proven integration interface and data model that you can implement today.

### CRM SOFTWARE

SalesLogix

Microsoft  
Dynamics CRM

Enhance your sales teams effectiveness with customer order history

Bi-Directional integration of ERP vendors and Accounts Payable data into CRM Accounts

Display of ERP Quotes and Orders in CRM Accounts

AbilityCRM is your CRM (Customer Relationship Management) Business Partner of choice.

We specialize in helping companies improve their business by helping them implement a CRM software system and strategy. We do this by focusing on the three “P’s” that make all CRM systems a success—People, Process, and Predictability.

Our name says it all. We focus on CRM only and on your Ability to make CRM successful for your business. We understand how to integrate ERP and CRM systems for the right combination of information and data exchange.

We celebrated our 10th year in business and are Certified Business Partners for Microsoft Dynamics CRM and Sage SalesLogix.

Contact us and find out how CRM, when used properly, will improve your business.
